## **Pupil premium strategy statement**

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### Part A: Pupil premium strategy plan

#### Statement of intent

At Donington Cowley Endowed Primary School we are ambitious for all learners and believe that all pupils should have access to learning opportunities which enable them to maximise their potential.

Our key objectives for our disadvantaged pupils are:

- To secure better outcomes in core subjects in each Key Stage
- To ensure high standards of teaching and learning across the school- teaching is consistently evaluated as at least good or better.
- To develop pupil aspiration, self-motivation and independent learning strategies.
- To support disadvantaged pupils to make rapid, accelerated progress from baseline entry.
- To utilise additional adults effectively in order to provide targeted academic support which address gaps in knowledge, skills and understanding and thereby accelerate progress.
- To address early language and communication difficulties through specifically targeted interventions and support.
- To improve mental health and well-being of pupils and prioritise personal development of all pupils.
- Attendance is significantly improved across all year groups.

### **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Lower attainment upon entry to school
2	Literacy development and skills- including vocabulary acquisition, communication, language, reading and writing.
3	Gaps in Mathematical Knowledge
4	Challenges affecting mental health and well-being of pupils
5	Increase in levels of support needed for pupils and their families – including SEND and referrals to TAC, Early Help and other external services
6	Persistent absenteeism and poor attendance

## **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To ensure strong leadership of teaching and learning across the school- teaching is consistently evaluated as at least good.  Leaders are highly skilled in monitoring teaching and learning. # Effective support is in place for families to support inclusion and promote pupil attendance.

There is no gap between attendance of PP and Non-PP pupils and there is effective support in place to support families where children are at risk of persistent absenteeism.

Families are effectively supported through TAC and EH processes and where appropriate external support is required.

- Increase in pupil attendance- no evident gap between attendance of PP and non-PP pupils.
- Reduction in persistent absenteeism.
- Families are effectively supported through TAC and Early Help processes.
- External services are accessed appropriately to support families.
- There are strong networks of collaboration between home and school.

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

# Part B: Review of outcomes in the previous academic year

## Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Pupils have benefitted from high quality provision which matches their learning needs to facilitate progression. The gap in attainment between PP and Non-PP has been narrowed in many year groups.

#### **PSC**

69% of Year 1 PP children achieved the expected standard- broadly in line with Non-PP within this cohort

75% of Year 2 PP achieved expected standard in PSC retakes- this was above Non-PP within this cohort

#### **KS1 Assessments:**

61% of Year 2 PP children achieved ARE in RWM- broadly in line with Non-PP.

#### **KS2 Assessments:**

Achievement across RWM for PP pupils was broadly in line with Non-PP pupils and a higher % of PP pupils achieved GDS in all areas.

Investment in high quality CPD for school leaders, teaching and support staff has significantly improved standards of teaching and learning across the school and ensured a high-quality curriculum offer across all subjects. Leadership is further being strengthened through the NPQ programmes which are being accessed by all members of the Senior Leadership Team.

Attendance remains in line with National and below National for persistent absenteeism.

Our pastoral offer has greatly improved through the introduction of an Inclusion Lead and ELSAs. Consequently our most vulnerable children and families are effectively supported. Personal development is prioritised throughout the school and this has been recognised through internal and external evaluations.

Behaviour is exceptional across the school and robust systems are in place to support individual pupils as needed. There have been 0 exclusions or suspensions this academic year.

Parental engagement has increased through opportunities to involve parents in school life, this includes productions, exhibitions, parent coffee mornings and assemblies. This thereby has increased pupil motivation and pride in their learning.
